One

There is probable cause to believe that the offender violated special condition number two which states he shall abstain from the use of alcoholic beverages.

On or about July 15, 2008, Mr. Corvi consumed alcohol.

This is evidenced by the testimony of this probation officer and Mr. Corvi's own admission that he consumed alcohol.

Action Taken and Reason

Mr. Corvi completed a 90-day program at New Bridge residential drug treatment on March 19, 2008. He began weekly aftercare as directed but expressed a desire to attend somewhere closer to home because it was difficult to get to Berkeley. He was referred to Sharper Future and began seeing a therapist on a weekly basis. On July 16, 2008, I received notification that Mr. Corvi had failed to report for his counseling session and had not called to reschedule. I was able to make contact with Mr. Corvi via telephone. I noticed immediately that Mr. Corvi was slurring his speech and could not communicate to me why he missed his appointment at Sharper Future. I asked Mr. Corvi if he had been drinking, he said "no, yes, no." Mr. Corvi finally admitted that he had relapsed and stated that he had been drinking for several days. I told Mr. Corvi that due to the severity of his issues with alcohol, he was to return to inpatient treatment immediately. Mr. Corvi stated "under no circumstances will I return to treatment." I immediately called Mr. Corvi's son, Greg Jr., who informed me that his dad had been drinking for almost a month. He did not inform me for fear of getting his dad in trouble. On July 17, 2008, Mr. Corvi agreed to return to residential treatment after much intervention from his family. He began a stay at Center Point residential treatment in San Raphael on July 18, 2008. It is expected that his stay there will be 90-180 days.

The Assistant U.S. Attorney has been notified and there are no objections.

Respectfully submitted,
